Subject: Conflict Minerals Compliance

Dated: 1 January, 2019

Summitech LLC is committed to compliance with all known US and International treaties on the use of materials or substances that have been produced in areas of the world under armed conflict, and which are being traded or sold in order to perpetuate that conflict.

In the United States, the Dodd-Frank Wall Street Reform and Consumer Protection Act was signed into law on July 21, 2010. This law contains specific provisions that restrict the sale, trade, transfer, or movement of minerals in the 3TG categories from the Democratic Republic of the Congo.

This statement declares that the materials contained in products provided for sale by Summitech LLC, to the best of our knowledge, are in conformance with the applicable provision of Dodd-Frank as interpreted by US courts; as of the date of this notice.

Summitech audits all production facilities and requires suppliers and sub-suppliers to provide certificates of compliance; such documentation can be obtained by contacting Summitech LLC via the methods shown at the top of the statement.

Respectfully,  
William (Bill) Schimandle  
Principal Engineer  
Summitech LLC
